Program Summary

We provide evidence-based professional learning that builds teacher and leader capacity to **grow math instructional practice** with experience serving schools and districts nationwide since 1999.

We come alongside you and your educators to provide all students with the quality instruction needed to **master grade-level content** and develop the skills for **life-long math success.**

As a national nonprofit, our mission is to empower each student, particularly those from historically marginalized communities to thrive academically, socially, and emotionally by working hand-in-hand with educators to foster **equitable learning environments.**

- ✓ Aligned with your district's priorities
- ✓ Evidence-based
- ✓ Culturally Responsive
- ✓ Embedded SEL and family engagement best practices
- ✓ Meets funding requirements for Title I, Title II-A, and Title IV-A

K-5 Teachers: Math Instructional Professional Learning

Math PD Topics

Team Up with Families to Support Math
Learning by Teaching in Math
Apply an Equity Lens to Math Instruction
Actionable Math Feedback
Strengthen Math Mindsets

Whole Group (Educator Workshop)

- Research-based, actionable strategies to accelerate math learning and grow students' social-emotional skills
- Includes comprehensive toolkit

🕐 **60-90 minutes** | 👥 **Virtual or in-person** | 📋 **Up to 30 educators**

Small Group (Collaborative Learning Series)

- Engage in math learning modalities such as inquiry, problem-solving, and discourse
- Small group deep dive on a big idea that teachers discuss, practice, implement, and reflect on
- Analyze student work for deeper, shared understandings around student learning needs
- Includes comprehensive toolkit

🕐 **Up to 60 minutes** | 🖥 **Virtual** | 📋 **Up to 5 educators** | ☰ **4 Sessions**

Math Instructional Coaching

- Strengthen math instruction by leveraging research-based teaching practices
- Build high-quality instruction through curriculum, content, and pedagogical knowledge
- Reflect on teacher mindsets about math and learning
- Gain strategies to skillfully navigate student misconceptions, scaffolding, and productive struggle

🕐 **Up to 6 hours/day** | 👥 **In-person** | 📋 **Up to 4 teachers/day** | 📅 **10 days recommended**

Accelerate Math Learning for Early Grades (K-2)

Students leverage evidence-based math practice tool Family Playlists® to master grade-level content through play-based learning and discourse.
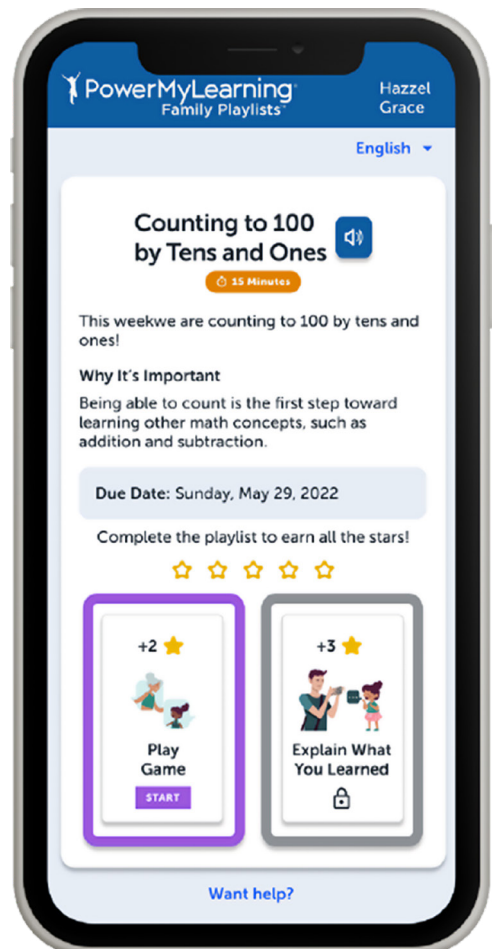

Family Playlists

- Designed for students in K-2
- Support multilingual learners (MLs) via content in 100+ languages
- Delivered via text and/or email with no login required
- Aligned to district's Math scope & sequence

Expected Outcomes

- Increase student growth in mathematics
- Increase math discourse in school and at home
- Strengthen relationships between teachers, families, and students
- Increase family involvement in their child's learning
- Increase expectations by teachers for students' potential for learning
- Create a culture of support for teacher-family allyship that encourages student growth
